

May 12  
2022 HYBRID WORKSHOP  
8:00 - 11:30 AM U.S. PACIFIC TIME

# A CELEBRATION OF WOMEN IN MATHEMATICS

## Graduate Students: How to Build a Career in Math

The Mathematical Sciences Research Institute (MSRI) celebrates May 12 with a panel discussion and social event aimed at graduate students, with a focus on "How to Build a Career in Math".

The 2022 event is a hybrid workshop, with both online and in-person activities at satellite institutions. **There is no cost to participate.** Please register to receive the event participation instructions and Zoom link. Questions? Contact 1044@msri.org. Free and open to worldwide participation

**Events take place 8:00am - 11:30am in U.S. Pacific Daylight Time (UTC -7).**

For the most up-to-date schedule, view event website.

### 2022 Featured Panelists

**June Barrow-Green**  
The Open University,  
United Kingdom

**Elizabeth Donovan**  
Murray State University,  
USA

**Yukari Ito**  
University of Tokyo,  
Japan

**Andrea Solotar**  
University of Buenos  
Aires, Argentina

**Angela Tabiri**  
African Institute for  
Mathematical Sciences,  
Ghana
