MÜNSTER

Celebrating May 12 at Mathematics Münster

At Mathematics Münster, we are celebrating gender diversity with several events throughout the week from 8–12 May in the context of the *May12 initiative*.

Join in! Everybody is invited. We especially encourage FLINTA* people to join.

Monday, 8 May, 1:15 pm, Common Room

→ **Short movie about Olga Alexandrovna Ladyzhenskaya**

Her theorems shaped the modern theory of PDEs of mathematical physics. Free screening is offered by the *May12 initiative*.

Tuesday, 9 May, 5 pm, SRZ 216/217

→ **Discussion on "Achieving gender balance in science" with Prof. Dr. Eva Maria Feichtner**

She is the founder and co-director of ALTA (Institute for Algebra, Geometry, Topology and their Applications), University of Bremen, and was the vice president of internationalisation and diversity until last year.

Wednesday, 10 May, 12:15 pm, SRZ 216/217

→ **3rd lunch time lecture on Gender Biases**

"Do we still need equality measures? Gender Biases in Academia and how to reduce them" by Dr. Lisa Horvath, for investigators.

Friday, 12 May, 2 pm, SRZ 216/217

→ **MM Connect meets Women in Maths**

Talks by the MATHRIX professors Franziska Jahnke and Marlies Pirner, afterwards tea time in the SRZ lounge.

More about the May12 initiative

May12 is a joyful opportunity for the mathematical community around the world to celebrate the achievements of women in mathematics and to encourage an open, welcoming and inclusive work environment for everybody. Why the 12th of May? It is the birthday of the Iranian mathematician and Fields medal winner Maryam Mirzakhani.

may12.womeninmaths.org

Explanation of FLINTA*:

German acronym stands for women, lesbians, inter, non-binary, trans and agender people. The * is meant to include all people who do not identify with the terms mentioned, but are patriarchally discriminated against because of their gender.
